About

Computer Science student specializing in **Artificial Intelligence and Machine Learning** with hands-on experience building **machine learning models, data pipelines, and full-stack applications**. Experienced in Python, Scikit-learn, and Node.js with projects spanning behavioral analytics, predictive modeling, and scalable web platforms. Interested in applying **AI to real-world behavioral and social challenges**.

[Linkden](#) | [Github](#)

Technical Skills

- **Programming Languages:** Python, C++, Java, SQL
- **Machine Learning:** Supervised Learning, Data Preprocessing, Feature Engineering, Model Training, Model Evaluation, Classification Techniques
- **Data & ML Tools:** Pandas, NumPy, Scikit-Learn, Matplotlib, Streamlit
- **Frontend Development:** React.js, HTML, CSS, Tailwind, JavaScript, Bootstrap
- **Backend Development:** Node.js, Express.js, REST APIs
- **Databases:** MySQL
- **Development Tools:** Git, GitHub, VS Code

Projects

MindTrace ML System for Digital Addiction Risk Stratification

Python, Scikit-learn, Pandas, NumPy, Streamlit

[Github](#)

Dataset: 6,000 behavioural records | 15+ engineered features

- Built an ML system to estimate smartphone addiction severity using behavioural and demographic indicators.
- Designed a Digital Addiction Risk Index combining signals like screen time, sleep deficit, and anxiety levels.
- Developed a multiclass classification pipeline with feature engineering and Logistic Regression.

Machine Learning Supervised Learning Portfolio

Python, Scikit-learn

[Github](#)

- Implemented algorithms including Linear Regression, KNN, SVM, Decision Trees, and Random Forest.
- Built 10+ ML implementations across healthcare, HR analytics, and salary datasets.

Cloud BookHub

React, Node.js

[Demo](#) | [Github](#)

- Built an online bookstore with catalogue browsing, search, and shopping cart functionality.
- Developed backend APIs and a responsive user interface.

Spotify Clone

HTML, CSS

[Demo](#) | [Github](#)

- Built a responsive Spotify-inspired music player interface.

Experience

Core Member- Content & Publication Team

Startup Club, VIT Bhopal University | Jun 2025 - Present

- Created scripts and written content for workshops, events, and startup initiatives.
- Managed the content workflow from ideation to final publication.

Core Member- Content Team

Linpack Club, VIT Bhopal University | Aug 2025 - Mar 2026

- Contributed to technical communications and content development for club initiatives and events.

Content Writing Intern

Pehchaan- The Street School | Mar 2025 - Jul 2025

- Produced website articles and social media content to support educational initiatives and community outreach.

Education

VIT Bhopal University | Bhopal ,MP

B.Tech in Computer Science & Engineering (AI/ML) | 06/2027

CGPA: 8.45

Certifications

- **Microsoft Certified: Azure Data Fundamentals** - Microsoft (2025)
- **Generative AI Using IBM Watson** - IBM (2025)
- **Cloud Computing** - NPTEL (2025)
- **Full Stack Web Development** - Apna College (2025)
- **Python Essentials** - Vityarthy (2023)
